Offer on cooperation

Dear Sirs,

OJSC “Proton-Perm motors” specializes on serial production of machine-building production according to design documentation of the Customer. Our company manufactures production for aerospace industry and fuel-energy complex.

“Proton-PM” is interested in creation of joint companies for serial production and putting into the market of Russia up-to-date efficient power equipment. In addition, we are ready for considering possibility of acquiring licenses for production and sale of production at the territory of the Russian Federation and CIS. We offer you our production facilities for manufacturing on condition of subcontract.

Please, consider the following directions for cooperation in:

- production of liquid-propellant rocket engines and their parts;
- package of gas-turbine power plants on the basis of axe gas-turbine units with capacity of 50 MWt;
- package of gas-turbine power plants on the basis of radial gas-turbine units with capacity up to 2 MWt;
- package of gas-piston and diesel power plants;
- package of centrifugal, screw and piston compressors;
- package of pump stations;
- production of centrifugal pumps;
- production of turbo-compressors;
- production of gas-turbine units with capacity of 1 MWt;
- production and package of steam generators;
- production of units of pipe-line armature;
- production of filters;
- production of steel bellows for compensation of deformation and temperature expansion;
- production of heat-resistant and corrosion resistant castings;
- production of cathodes, used for manufacturing of heat-resistant plating;
- testing of the above mentioned production, as well as testing of gas-turbine engines with capacity up to 40 MWt;
- manufacturing of the similar production.

Except that, OJSC "Proton-PM" offers to foreign companies joint advancement of the production to the market and its further service.

The enterprise has considerable experience in cooperation and acts actively in system of contract production.

Scientific potential, up-to-date technologies, unique equipment and well organized production allow the enterprise offering at the world market service on production of competitive complicated machine-building production, meeting the highest standards.

You can find more detailed information and send us a request on manufacturing visiting our Internet site www.protonpm.ru/creator.

We remain at your complete disposal for any further information you may require and assuring you of our best attention at all times.

Yours faithfully,

Deputy Director General on finance

Mikhail G. Tselischev

Responsible official

Head of the marketing and sales department Alexey M. Kleschevnikov
